This report could not have been completed without the help of numerous individuals. The staff of Public Lands Policy and Planning, including Laura Bowne, George Forlifer, Steve Goodmuth, Tim Palmer, and Tom Dowd helped in many instances with deed information and research, photographs, and mapping. Barbara Garner, retired from Maryland Park Service, kindly provided information that she obtained from her ongoing research into the history of Maryland's Forestry Towers. The staff of Maryland Forest Service also provided much invaluable information acquired during their years of experience in managing this diverse assemblage of properties. Notable among that group were Steve Koehn, Jeff Horan, Jack Perdue, Wayne Merkel, Kip Powers, Bob Webster, Tom Frederick, Dave Gailey, John Fisher, Mike Huneke and Monte Mitchell. Other DNR staff providing assistance included: Cindy Ecker, Chuck Harris and Donna Jones-Regan. Much useful information was also gathered from the "Reports of the State Department of Forestry." Various years of those publications were made available by Christine Alvey (State Archives), Gene Piotrowski (PLPP), and Denise Tritaik (Carter Library).
